

## Peer Review of Reports

Jim Cao

### 1. Describe the Strength of the work.

The report was thorough with sections following each step of the process along with graphs to support his predictions. The improvements can be seen in the process as well as the prediction score and the analysis was clear.

### 2. Describe the Weakness of the work.

Some screenshots showing the coding process would be nice in further reinforcing the analysis.

### 3. Overall evaluation (4-excellent, 3-good, 2-fair, 1-poor)

3-4
